Nitrile glove

Gloves Nitrile

Nitrile gloves M3,5 g Nitrile gloves are a type of disposable gloves that are very gentle on the user. This means that there is no risk of latex allergy. They are the most popular type of glove we sell and offer superior strength and resistance to oils and aqueous chemicals compared to vinyl or latex. They are often used in the medical, laboratory and manufacturing industries. - Powder free - Non-Sterile - Ambidextrous - Beaded cuff Size Ratio: 10%S / 40%M / 40%L / 10 % XL With possibility of OEM boxes
